Pictures in the Pension Office. A peculiar, slogularly appropriate and eautiful picture may be seen almost daily, ander certain circumstances, in the pension office. First, the morning sun must shine learly, then there must be blue sky and shife clouds toward the south. One other requirement remains, but that is assured. Now, standing in the third northern corrieor of the edifice look down into the great iroular basin of the hall floor, from the enter of which springs the fountain. You see on the water long lines of colors. They ange themselves in parallel order or break and are confused; restored, there is a remblance to our national banner—the red, hite, and blue are distinctly visible. The sil of the fountain disturbs the water of he basin, the banner waves. It waves grounly in the grand military and mysal deartment of the government. No mystery, sot the least. The blue sky, the white houds, are reflected from the numerous outhern windows of the office. For the cl, the explanation of that is antagonistic o poetry, being simply due to the brick util sides of the windows. But "it gets here all the same." under certain circumstances, in the pension

NATIONAL GUARD NOTES The Commands Are Receiving Many

Recruits to Their Ranks. The battalion drill last night of the 3d battation, comprising the Continentals Capt. Mills; the Columbia Rifles, Capt. Poston; the Washington Merchants' Rifles Capt. Costinett, and the Emmet Guards, Capt. Murphy, was a decided success. Capt. Mills drilled the battalion, which numbered about 195 officers and men. The various evolutions were witnessed by a various evolutions were witnessed by a large crowd of people, who did not fail to appland the companies when well executed movements were made. Gen. Ordway was expected to witness the drill, and also muster in a number of recruits for the Continentals and Merchants' Rifles. His absence, it was learned later, was unavoidable.

The Washington Light Infantry is making wonderful atrices in filling up its ranks.

The Washington Light lefantry is making wonderful strides in filling up its ranks, and every hight applications are being received. There are now about thirty awaiting to be sworn in, and a large list of applications to be acted on.

The Marion Riffes and Washington Zoustes are doing splendidly, and will soon be mustered is. The interest in the National Guard is unsabated, and word comes from nearly all the commanding officers that they are being overrun with applications.

The talk of the proposed German battalion is heard on all sides, and the members of the Sib battalion, District Volunteers, are taking active interest in it. A very prominent local bandmaster, has offered to form a large band for the National Guard and has tendered his services to Gen. Ordway. He proposes to form a band of forty or more pieces and of the best material.

Gen. Ordway's suggestions about the formation of a Gatling gun company of wheelmen and a company of cavalry are being widely talked of and likely will be consummated at an early date.

APPEAL OF THE MISSION.

What the Belp and Bome Asks of the Commissioners.

At a large and enthusiastic meeting of the Voman's Christian Temperance Union held at "Hope and Help Mission Rooms" yesterday afternoon, the following was unanimously adopted:

mously adopted:

Resolved, That we appeal to the commissioners of the District of Columbia, in the name of the mothers, wives, sisters, and daughters of the District, in the name of the children of the public schools, who are being degraded, and in the name of law, good order, and common decency, to grant no liquor licenses, either wholesale or retail, to keepers of houses of prostitution and shame, either in the Division, near our Hope and Holp Mission, nor in more remote localities well known to the police to be places of shame and degradation.

Resolved, That we believe the spirit of the laws already existing in this District will support us in our appeal, and slave men of high legal standing in this city and personal friends of the commissioners have decided that said commissioners have decided that said commissioners have decided that said commissioners have decided the said of the commissioners have desired in the more earnestly and will eagerly await resuits.

Resolved, That we copy of this appeal be presented at once to the commissioners and the daily press, with the solemn declaration that we believe (and our knowledge is based on one whole year's faithful missionary work in the Division) that fully three-fourths of the crime and ilerationaness existing in this locality is due to the importantial pliquors sold and used in these places.

Resolved further, That we appeal to every Christian and order-loving edition in this community to stand by us in this ery for the purity of our homer, "for we speak of that which we have seen."

The Morning Dress. The Morning Dress.

It is said that a lady's standing in society can easily be determined by her dross at the breakfast-table; an exponsive, showy costume indicating that the wearer has not yet learned the proprieties. But no one need be afraid of he ling called "shoddy" if her loveliness is as apparent by daylight as at the hops. Perfect beauty is never the attendant of disease; above all, of those diseases neculiar to women, and which find a ready cure in Dr. Pierce's "Favorite Prescriptio". Trice reduced to one dollar. By druggists.

Three Hundred Dollar Robbery. the corner of Seventh and L streets southwest, reported to the police that \$300 had been stolen from his bedroom. Officer block arrested Annie Nelson, a colored ser-vant, on suspicion of stealing the money.

Feeding the Army. Commissary General MacFeely has submitted his annual report to the Secretary of War. The expenditures last year for army subsistence amounted to \$2,631,193, and \$127,738 of that was for Indian supplies.

Ten patients were received yesterday at the covernment hospital for the insune. They were in the naval service, and are transferred from the Napa (Cal.) insane assium. Passed Assistant Surgeon Norfleet was in charge of the unfortunates.

The Popular Approval

Of the efforts of the California Fig. Syrup. Co., to present to the public an agreeable and effective substitute for the bitter naiseous liver medicines and catharties formerly in use is as gratifying to the company as it is creditable to the cood taste of the public. The large and rapidly increasing sale of Syrup of Figs, and the promptly beneficial effects of a single dose are convincing proofs that it is the most easily taken and the most pleasantly effective remedy known. For sale by all leading druggists.
